### *MacMurray College Strategic Planning*

Welcome to the MacMurray College Strategic Planning page.

Strategic Planning is a process that looks at where the College is today and steers us where we want to be in future years. With the help of faculty, staff, and students, the Strategic Planning process will consider all aspects of the institution and how we can plan for improvements.

Thank you for reviewing this page and being a part of this important process.

Sincerely,

Office of Institutional Planning and Advancement
